## Whole Health Chiropractic Notice of Privacy Form

We understand that treatment about you and your health is personal. We are committed to protecting information about you. This notice briefly describes how treatment information about you may be used and disclosed.

We are required by law to:

- Make sure that treatment information that identifies with you is kept private.
- Give you this notice of our legal duties and privacy practices with respect to treatment information about you; and
- Follow the terms of the notice that is currently in effect.

We may use treatment information about you to provide you with treatment or services. We may also disclose information about you to people outside of the clinic who may be involved in your care, such as family members or others we use to provide services that are part of your care.

We may use and disclose treatment information about you so that the treatment and services you receive at the clinic may be billed to and payment may be collected from you, your insurance, or a third party.

If you are involved in a lawsuit or a dispute, we may disclose treatment information about you in response to a court or administrative order. We may also disclose treatment information to a subpoena, discovery request, or other lawful process by someone else involved in the dispute as required by federal, state, or local law.

You have the right to inspect and copy treatment information that may be used to make decisions about your care, usually, this includes treatment billing records. We may charge a fee for the costs of copying, mailing, or other supplies associated with your request.

You have the right to request an "accounting of disclosures". This is a list of the disclosures made of treatment information about you.

You have the right to request a restriction or limitation on the treatment information we use or disclose about you for treatments, payments, or health care operations. In your written request, you must tell us **(1)** what information you wanted limited; **(2)** whether you want to limit our use, disclosure, or both; **(3)** to whom you want the limits to apply. For example, disclosure to your spouse.

You have the right to request that we communicate with you about your treatment matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail.

If you have any questions or concerns about your treatment regarding our policies, would like to inspect a complete copy of this document, obtain copies of your treatment information, or request disclosure of your treatment information, please contact us at **(972) 530 – 2273**.

# WHOLE HEALTH CHIROPRACTIC FINANCIAL POLICY

Thank you for choosing Whole Health Chiropractic (WHC) for your chiropractic care. We are committed to providing you with quality health care. Our financial policy is as follows:

- Please note that you will need your insurance card and proof of identity (e.g., driver's license) at your first visit. You will be responsible for providing a change of address, telephone number, and/or insurance information anytime a change occurs. We accept cash, major credit cards, and debit cards.

## **I. WHC has provider contracts with some insurance carriers “in-network” status.**

- Insurance contracts require us to collect your co-payment at the time of service.
- Our office will assist you in receiving proper reimbursement by filling your claim promptly.
  - After your insurance company processes the claim, (in about 30 days) you will receive an Explanation of Benefits (EOB) from your insurance, which will show the “Patient *Responsibility*” amount.
  - If there is a balance, we will provide you with a statement showing the amount due.
  - For large balances, you may contact our Billing Department to make payment arrangements using your credit/debit card.
- Individual coverage varies dramatically within our contracts and your coverage is an arrangement between you and your health plan/health insurance company.
- It remains your responsibility to verify that the care you receive is covered by your health plan/health insurance.
- This office is not responsible for the expense of treatment not paid by your health plan/health insurance.
- With continuous changes in coverage, you should verify your benefits and understand all requirements of your health plan/health insurance by calling the customer service number on your health plan/health insurance card.

## **II. When WHC does not have a contract with your health plan/health insurance carrier, services are “Out of Network”.**

- This means that you have no insurance benefits with our clinic.
- You will be responsible for the entire amount at the time services are rendered.
- As a courtesy, we can file a claim with your health plan. Should your plan pay, you will be refunded.
- Your signature on this Financial Policy will be your acknowledgement that you are aware that your Benefits will be paid as “Out of Network”.

## **III. Motor Vehicle Accident (MVA) & Third-Party Liability**

- WHC will file a claim for services provided as the result of a motor vehicle accident or third-party liability injury; however, the patient will be responsible for the entire amount.
- You will be required to complete a special Vehicle Accident Information form before you will be seen by the doctor.
- For Third Party cases, a prepayment of \$95 will be required on the initial visit.

## **IV. Workers' Compensation**

- Patients with *authorized* Workers' Compensation will not be subject to this Financial Policy.

## **V. No Insurance Coverage (Self Pay)**

- The patient or guardian will be responsible for payment, which may include x-rays, at the time of service. There will be an additional charge for x-rays, tape, decompression, & other services.

**VI. Referrals**

- If your health insurance requires a referral from your primary care provider (PCP) for your visit with our practice, the referral must be obtained by the patient and presented to us at the time of the visit. If you do not have the required referral from your PCP, the visit will be rescheduled to allow time to contact your PCP and arrange for a referral.

**I have read the financial policies of Whole Health Chiropractic and accept responsibility for payment of my account.**

## ***Informed Consent to Chiropractic Treatment***

The nature of chiropractic treatment: The doctor will use his/her hands or a mechanical divide to move your joints. You may feel a “click” or “pop”, such as when a knuckle is “cracked”, and you may feel movement of the joint. Various ancillary procedures, such as hot or cold packs, electric stimulation, therapeutic ultrasound, or dry hydrotherapy may also be used.

Possible Risks: As with any health care procedure, complications are possible following a chiropractic manipulation. Complications could include fractures of bone, muscular strain, ligamentous sprain, dislocations of joints, or injury to intervertebral discs, nerves, or spinal cord. Cerebrovascular injury or stroke could occur upon severe injury to arteries of the neck. A minority of patients may notice stiffness or soreness after the first few days of treatment. The ancillary procedures could produce skin irritation, burns, or minor complications.

Probability of risks occurring: The risks of complications due to chiropractic treatment have been described as “rare”, about as often as complications are seen from taking a single aspirin tablet. The risk of cerebral vascular injury or stroke has been estimated at one in one million in twenty million and can be even further reduced by screening procedures. The probability of adverse reaction due to ancillary procedures is also considered “rare”.

Other treatment options which could be considered may include the following:

*Over-the-counter analgesics.* The risk of these medications include irritation to stomach, liver and kidneys, and other side effects in a significant number of cases.

*Medical Care,* typically anti-inflammatory drugs, tranquilizers, and analgesics. Risks of these drugs include a multitude of undesirable side effects and patient dependence in a significant number of cases.

*Hospitalization* in conjunction with medical care adds the risk of exposure to virulent communicable disease in a significant number of cases.

*Surgery* in conjunction with medical care adds the risk of adverse reaction to anesthesia, as well as an extended convalescence in a significant number of cases.

Risks of remaining untreated: Delay of treatment allows formation of adhesions, scar tissue, and other degenerative changes. These changes can further reduce skeletal mobility and induce chronic pain cycles. It is quite probable that delay of treatment will complicate the condition and make future rehabilitation more difficult.

Unusual risks: I have had the following unusual risk of my case explained to me.

I have read the explanation above of chiropractic treatment. I have had the opportunity to have any questions answered to my satisfaction. I have fully evaluated the risks and benefits of undergoing treatment. I have freely decided to undergo the recommended treatment, and hereby give my full consent to treatment.
